Jason Redrup is a 20-year IAM member and union leader who has held a number of leadership positions including president of IAM Local 751A, vice president of District 751, Work Transfer Rep and currently serves as Business Rep. Jason began his membership in 1984 at General Dynamics (now Lockheed) in Texas, then moved to Seattle to work for Eagle Container, then Todd Shipyards, and for Boeing since 1996. As an IAM leader, he has been a tireless advocate for the members on many fronts, always with the priority of putting members first. Jason served his Local as auditor, trustee, vice president and president, in addition to years as a union steward. He was elected and served as district council delegate and vice president of District 751.
